

WNG Leg Plates

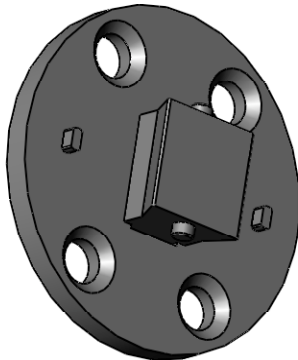

Easy, reliable and heavy duty

This is a European style leg plate for attaching legs to a grand piano. We have tested this leg plate on the worlds heaviest pianos without failure.

In each pair there is a Dovetail Mounting Plate and an Adjustable Clamping Plate. The Dovetail Mounting Plate attaches to the either the keybed or console. The Adjustable Clamping Plate attaches to the leg.

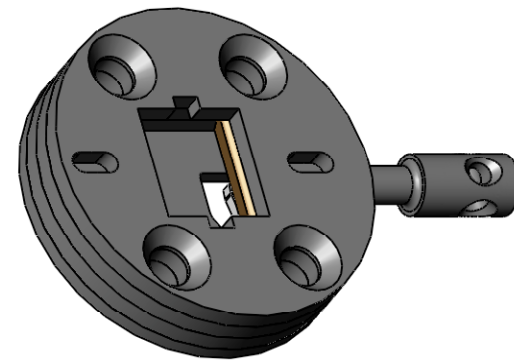

Requires only a phillips screwdriver to tighten or loosen the clamp screw.

Comes as 3 pairs complete with mounting screws.

Dovetail Mounting Plate

Attaches to the keybed or console

Adjustable Clamping Plate

Attaches to the leg

Set of 3 pairs with mounting screws

Part No. 06-5282
